

To Our Customers:

Governor Edwards has issued a stay-at-home order for the State of Louisiana. In this order, he makes exceptions for essential businesses. Doug Ashy Building Materials falls under the essential business guidelines, therefore, we will remain OPEN for business. With that being said, we have a heightened duty to both our employees and our customers. In an attempt to limit public contact between our employees and customers, we will be instituting a new store policy for ALL our locations today. Please adhere to these policies as we all try to remain safe and healthy during this crisis.

We thank you all for your loyalty to Doug Ashy Building Materials and please know that we are always here to help by calling any of our locations below.
